M18 FUEL™ HIGH PERFORMANCE ANGULAR GRINDER 150 MM

- High performance angle grinder with 150 mm disc capable of providing maximum power for deburring and cutting applications, guaranteeing autonomy of 145 cuts on 2″ pipes with a single battery charge
- RAPIDSTOP™ system capable of braking the disc in less than 3.0 seconds, for greater safety
- HIGH OUTPUT™ system, elevates performance and autonomy of M18 FUEL™ technology
- Non-locking paddle switch and protection against accidental restart
- AVS anti-vibration side handle
- FIXTEC™ flange for tool-free disc replacement
- Removable dust grilles, to protect the engine from abrasive dust
- Quick release cap: maximum cutting capacity and quick adjustment
- Works with all M18™ MILWAUKEE® batteries

SPECIFICATIONS

Supplied without batteries
Voltage: 18V
Battery type: Li-Ion
Disc diameter: 150 mm.
Standard equipment: Quick release cap, AVS anti-vibration side handle, FIXTEC™ flange and counterflange, anti-dust grilles
Brake: yes
Max cutting depth: 45
Switch type: paddle
Weight: with 5.5 Ah battery pack: 3.5 kg
Supplied with carrying case
